

## BLIND SCENE INSTRUCTIONS 2018

Two partners – decide between you who will take which part.

Rehearse for approximately 30 minutes

You will present your work in class – there is no need to memorize your part...script in hand is fine.

Decide what you need to “know” – i.e. agree upon – in order to fulfill your part of the scene.

Set up the environment using simple props and furniture pieces.

Make what you are saying and doing make sense for yourself.
