

USE THE EDITED SCENES PROVIDED

I posted the SCREENPLAY so that you can read and study the whole story — and so that you could make it available to your actors for a similar reading purpose

HOWEVER

I provided, on the same website pages, the sides of each individual scene. On those I went to the trouble of EDITING OUT STAGE DIRECTIONS that I think are excessive, unnecessary and unhelpful — as well as correcting certain textual mistakes and even making certain adaptations for the purpose of our class.

Please:

USE ONLY THE SIDES NOT THE SCREENPLAY for rehearsals, marking beats etc.

Thanks

BK
