

WHAT ACTORS HAVE SAID ABOUT WORKING IN CLASS

“It was incredibly rewarding...

“It was such a pleasure to take part and a great learning experience for me as well.”

...I would definitely love to come back in the future. The perspective you brought to script analysis and rehearsal applies universally, and has exponentially helped me improve my craft over the last few months.”

“Your notes were simple, clear and effective, and I really appreciated your patience, skills and work.”

“I learned a great deal about myself, acting, and what an actor-director relationship can be like. Your directing style is truly inspiring.”

“I've taken many different acting classes, but watching a director being taught to direct, is not a perspective I've ever gotten. If I was a USC student I'd be in your class in a heart beat. It's valuable stuff for actors and directors alike to learn.”

“It's amazing that you're thanking me for the very same thing that I considered such a gift—the opportunity to play with your students and to learn from you! I was particularly struck by the multitude of tiny moments you found that reminded me to play the present, not the future.

Had an amazing time. Truly. I learned more in that half hour Window with you and Darren than I have in a long time.”

“It was a pleasure working with you and your talented students. Michael Lappen was able to share with Chris and I a lot of your insights from class and it allowed us to approach the scene from a new perspective. I will definitely be on the look out for this class on the breakdowns next year!”
